MONTEREY COUNTY SHERIFF'S OFFICE
TINA M. NIETO, SHERIFF-CORONER

2022 Annual Military Equipment Report

California Government Code §§ 7070, 7071, and 7072

INTRODUCTION

On September 30, 2021, California Assembly Bill 481 (AB 481) was signed into law. California Government Code §§ 7070, 7071, and 7072 codify the requirements established by AB 481 for law enforcement's acquisition, use, and funding of "military equipment."

In enacting AB 481, the Legislature stated the public has a right to know about any funding, acquisition, or use of military equipment by state or local government officials to increase transparency, accountability, and oversight. The same applies to the public's right to participate in any government agency's decision to fund, acquire, or use such equipment.

The bill required law enforcement agencies that seek to continue the use of military equipment acquired prior to January 1, 2022, to receive approval from their governing body prior to May 1, 2022. The Monterey County Board of Supervisors approved Ordinance No. 5377 – Military Equipment. The policy and inventory list are located on the Monterey County website – www.co.monterey.ca.us.

California Government Code § 7072 requires law enforcement agencies to prepare annually, a Military Equipment Report. The annual Military Equipment Report is required to contain the following.

- 1) A summary of how the military equipment was used and the purpose of its use;
- 2) A summary of any complaints or concerns received concerning the military equipment;
- 3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response;
- 4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report;
- 5) The quantity possessed for each type of military equipment; and
- 6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment.

This annual Military Equipment Report satisfies the reporting requirements outlined in California Government Code § 7072.

COMPLAINTS, CONCERNS, QUESTIONS

A complaint, concern or question related to Military Equipment utilization by the Monterey County Sheriff's Office can be made through any of the below listed methods:

By phone: (831) 755-3700

By mail: Monterey County Sheriff's Office; Attn: Military Equipment Use Coordinator; 1414 Natividad Road, Salinas, CA 93906

MCSO did not receive any complaints from the public regarding the use of military equipment as described under MCSO Policy 709.

INTERNAL AUDIT(S), VIOLATION(S), AND ACTION(S)

Annual inventory and audits regarding the use of Military Equipment are coordinated by the Military Equipment Coordinator. There were no violations noted and the items on the Military Use Report are being used within policy and in accordance with all laws.

ANNUAL COSTS

See attached MCSO Military Equipment Inventory list for further details.

QUANTITY IN POSSESSION

See Attachment B – Equipment Spreadsheet for further details.

ADDITIONAL MILITARY EQUIPMENT FOR 2023

- 1) Additional Military Equipment for 2023
 - a. The Sheriff's Office shall make the following considerations before seeking authorization for purchasing military equipment:
 - i. The equipment is necessary because there is no reasonable alternative that could provide the same objective of deputy and civilian safety.
 - ii. The equipment is reasonably cost effective compared to alternatives that can achieve the same objectives of deputy and civilian safety.
 - b. The procurement or use of any new type of military equipment, not already in possession of the Department, or approved on the current Military Equipment Policy, will require the approval of the County Board of Supervisors as outlined in Section 7071(a)(1)(A) - 7071(a)(1)(G). These procedures are also outlined in Sheriff's Policy and

Procedure Section 709.

- c. The Sheriff's Office intends to purchase additional seven (7) aerial drone(s) in the future. These purchases will be made in part, on the needs of the Sheriff's Office, availability of funding, needs to replace aging or damaged equipment and advances in technology.
 - i. One Albatross fixed-wing UAV, at an approximate cost of \$75,000, which is covered by donation.
 - ii. Six DJI identical or similar to existing equipment already in use, at an approximate cost of \$16,000 per unit. Funding for these units is incorporated into the Sheriff's Office annual budget.
 - iii. One Rook Armored Caterpillar Multi-Terrain Loader, at an approximate cost of \$475,000. This equipment will be grant-funded.
 - iv. One AMG Humvee (HMMWV), cost and funding of which is to be determined.
- d. The Sheriff's Office may need to acquire and/or replenish a certain quantity of items listed within the Military Equipment Inventory document, specifically consumable breaching, chemical and kinetic munitions, in order to maintain stock of these items for future law enforcement use. The type (make and manufacturer) would be similar to those listed in the Military Equipment Inventory document and quantity would be determined based on projected need at the time of purchase.

CONCLUSION

In 2022, the MCSO developed and approved Department Policy 709 pertaining to military equipment as defined by AB 481. The purpose of this policy was to provide guidelines for the approval, acquisition and reporting requirements of military equipment per Government Code 7070, Government Code 7071 and Government Code 7072. This memorandum serves as the 2022 Military Equipment Annual Report and will be submitted to the Office of the Sheriff. Upon approval by the Sheriff, the report will be submitted to the Monterey County Board of Supervisors and posted on the Department website as required. Within (30) days of submitting and publicly releasing this report, the Department will announce a community engagement meeting as required.

Description:	Unmanned, remotely piloted, powered aerial or ground vehicles.
Equipment:	Remotec Andros F6B Explosive Ordnance Neutralization System ground robot
Quantity:	1
Capabilities:	The Remotec Andros F6B Explosive Ordnance Neutralization System robot is used for addressing hazardous materials and potential explosive ordnance.
Manufacturer's description:	The Remotec ANDROS F6B is the most versatile, heavy-duty robot on the market. Speed and agility unite to make it the first choice for a wide range of missions, and its proven stair climbing ability, rugged and dependable chassis, and an arm capable of lifting 65 lbs. mean that the F6B is more than strong enough to handle any task. The F6B also offers multiple communications options, a chassis, and manipulator that allow for unlimited accessories and tool combinations, and quick-release pneumatic wheels for rapid width reduction.
Purpose(s)/Authorized Use:	Used to investigate and handle explosive and other hazardous devices throughout the county.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(1)	
Description:	Unmanned, remotely piloted, powered aerial or ground vehicles.
Equipment:	Remotec Andros HD-1J Explosive Ordnance Disposal ground robot
Quantity:	1
Capabilities:	The Remotec Andros HD-1J Explosive Ordnance Neutralization System robot is used for addressing hazardous materials and potential explosive ordnance in areas of restricted mobility.
Manufacturer's description:	<p>Faster, lighter, versatile, and rugged – speed and agility unite to make HD-1J a top choice for a wide range of missions. With top speeds of over 4mph, and weighing just over 200lbs the HD-1J can maneuver into locations previously unreachable, move effortlessly in tight spaces, and go under or over obstacles, providing the ultimate in mission flexibility without compromising functionality.</p> <p>HD-1J offers significant improvements over its predecessor, the HD-1, including LED lighting, JAUS compliant software, a molded front end integrating microphone, drive camera, speaker, and lighting system, a modular quick-release battery, improved pan-and-tilt with taser and forward-looking infrared options, and improved high-resolution graphics.</p>
Purpose(s)/Authorized Use:	Used to investigate and handle explosive and other hazardous devices throughout the county.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(1)	
Description:	Unmanned, remotely piloted, powered aerial or ground vehicles.
Equipment:	Remotec Andros F5 Explosive Ordnance Disposal ground robot
Quantity:	1
Capabilities:	The Remotec Andros F5 Explosive Ordnance Neutralization System robot is used for addressing hazardous materials and potential explosive ordnance.
Manufacturer's description:	Remotec Andros F5 – A robotic tracked vehicle, equipped with cameras and microphone. The robot is equipped with an arm capable of manipulating objects. The robot can be configured to carry remote disrupting tools.
Purpose(s)/Authorized Use:	Used to investigate and handle explosive and other hazardous devices throughout the county.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(1) *PENDING ACQUISITION*	
Description:	Unmanned, remotely piloted, powered aerial or ground vehicles.
Equipment:	Axon Air, Fotokite Sigma Mobile
Quantity:	0
Capabilities:	The Fotokite Sigma tethered drone can be used in search and rescue operations, large area searches, hazardous condition searches, and tactical operations.
Manufacturer's description:	Axon Air is an end-to-end drone solution. It delivers secure wireless livestreaming to provide critical situational awareness, improving outcomes for public safety and communities. Purpose(s)/Authorized Use:	Unmanned aerial systems may be utilized to enhance the Office's mission of protecting lives and property when other means and resources are not available or are less effective.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(2)	
Description:	Mine-resistant ambush-protected (MRAP) vehicles or armored personnel carriers.
Equipment:	2007 Mine-Resistant Ambush-Protected (MRAP) Vehicle
Quantity:	1
Capabilities:	This vehicle provides deputies and support personnel with a highly survivable multi-mission platform capable of protecting deputies during SWAT operations. This vehicle also can be tasked with rescue operations, to include flood response.
Manufacturer's description:	The Mine Resistant Ambush Protected (MRAP) family of vehicles provides Soldiers with highly survivable multimission platforms capable of mitigating improvised explosive devices, rocket-propelled devices, explosively formed perpetrators, underbody mines and small arms fire threats which produce the greatest number of casualties in Overseas Contingency Operations.
Purpose(s)/Authorized Use:	The MRAP may be deployed during a SWAT mission or other high-risk operations where gunfire may be encountered. This may include, but is not limited to, SWAT Operations, active shooter, hostage situations, and barricaded suspects. The MRAP may be deployed in certain rescue operations such as flooding. The MRAP is assigned to the Special Enforcement Division. The Commander assigned to the division must authorize the vehicles deployment.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(2); 7070(c)(3) *PENDING ACQUISITION*	
Description:	Armored Personnel Carrier / Wheeled Vehicle with Breaching/Entry Apparatus
Equipment:	Ring Power Tactical Solutions, "The Rook" Armored Critical Incident Vehicle
Quantity:	0
Capabilities:	"The Rook" is a single-person armored vehicle built on a tracked skid loader. It can stop various projectiles providing ballistic protection for the operator. It is equipped with a removable battering ram for breaching a door or structure in tactical situations as well as additional mountable attachments including a armored deployment platform, vehicle extraction tool, and grapple claw.
Manufacturer's description:	The Rook Armored Vehicle is custom designed and fabricated by Ring Power Corporation, the North and Central Florida Cat® Dealer. Utilizing the powerful Cat® chassis as the base, The Rook provides service advantages that other tactical vehicles just don't have. Unlike traditional armored vehicles, The Rook is capable of being used in tight areas both inside and outside of public buildings to transport personnel or equipment and for surveillance. It is designed with mission specific attachments that increase job safety and can easily be changed depending on situational needs. Law enforcement agencies across the United States and around the globe utilize The Rook to confront complex threats and make tactical operations safer.
Purpose(s)/Authorized Use:	"The Rook" may be deployed during a SWAT mission or other high-risk operations where gunfire may be encountered. This may include, but is not limited to, SWAT Operations, active shooter, hostage situations, and barricaded suspects. "The Rook" is assigned to the Special Enforcement Division. The Commander assigned to the division must authorize the vehicles deployment.

Description:	Mine-resistant ambush-protected (MRAP) vehicles or armored personnel carriers.
Equipment:	High Mobility Multipurpose Wheeled Vehicle (HMMWV)
Quantity:	5 (1 additional anticipated)
Capabilities:	Used to transport Sheriff's Deputies on SWAT Missions as well as other missions where the unique 4x4 capabilities of the vehicle are needed. HMMWV have been used in responding to flooding and tactical situations throughout the county.
Manufacturer's description:	The Humvee 4-CT (HMMWV M1165) is an expanded capacity command and control or general-purpose vehicle. This four-person configuration can be used for a variety of missions— from command and control to armed patrol. It is available with an optional Weapons Mount and Turret and can be customized for special operations.
Purpose(s)/Authorized Use:	The HUMVEE may be deployed during a SWAT mission or other high-risk operations. This may include SWAT Operations, active shooter, hostage situations, and barricaded suspects. The unique 4x4 capabilities of the vehicle also allow for their deployment during floods to assist with search and rescue operations and evacuations. Three of the HUMVEE's are assigned to the Special Enforcement Division. The Commander assigned to the division must authorize the vehicles deployment. One is assigned to the South County station and the one to the Coastal Station. The Commander of the station, or supervisor, are required to authorize their deployment. These vehicles are not to be used for standard patrol operations.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(2); 7070(c)(3)	
Description:	Armored Personnel Carrier / Wheeled Vehicle with Breaching/Entry Apparatus
Equipment:	2008 Ford F550 Armored Lenco Bearcat body
Quantity:	1
Capabilities:	The Lenco Bearcat, G2, is an armored vehicle that seats 10-12 personnel with open floor plan that allows for rescue of down personnel. It can stop various projectiles, which provides greater safety to citizens and officers beyond the protection level of shield and personal body armor. It is equipped with a removable battering ram for breaching a door or structure in tactical situations.
Manufacturer's description:	The Lenco BearCat G2 is the standard tactical armored vehicle for special operations units within the US Law Enforcement community. Since the early 2000s, agencies such as LAPD, LASD SEB, NYPD ESU, Boston PD and hundreds of Federal, State and Local Law Enforcement agencies have made the BearCat G2 part of their standard operating procedure. The G2 has excellent on-road driving characteristics and maneuverability in tight urban settings. The large floor plan seats 10 – 12 fully equipped officers with a long list of tactical features only found on the Lenco BearCat line of armored SWAT vehicles for Police and Government.
Purpose(s)/Authorized Use:	The Bearcat may be deployed during a SWAT mission or other high-risk operations where gunfire may be encountered. This may include, but is not limited to, SWAT Operations, active shooter, hostage situations, and barricaded suspects. The MRAP may be deployed in certain rescue operations such as flooding. The MRAP is assigned to the Special Enforcement Division. The Commander assigned to the division must authorize the vehicles deployment.

Description:	Projectile Launch Platforms and Associated Munitions
Equipment:	White Smoke / CN / CS Tactical Canister Device (8210/8220/8230)
Quantity:	38
Capabilities:	This device can be used in tactical situation and/or riot situations.
Manufacturer's description:	Small diameter pyrotechnic irritant smoke grenade for outdoor use to disperse crowds. Emits smoke for up to 30 seconds and is small enough to carry in a pocket. Can be hand thrown or launched.
Purpose(s)/Authorized Use:	It is deployed only with the SWAT team during tactical operations and during special events warranting the deployment of the SWAT Team.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(14)	
Description:	Projectile Launch Platforms and Associated Munitions
Equipment:	CN / CS Jet-Lite Rubber Ball Device (9220/9230)
Quantity:	20
Capabilities:	This device can be used in tactical situation and/or riot situations.
Manufacturer's description:	The Rubber Ball Grenade is a combination irritant and diversion device. The Rubber Ball Blast Grenade is a maximum effect device as it delivers up to three (3) stimuli for psychological and physiological effect: light, sound, and chemical agent or OC.
Purpose(s)/Authorized Use:	It is deployed only with the SWAT team during tactical operations and during special events warranting the deployment of the SWAT Team.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(14)	
Description:	Projectile Launch Platforms and Associated Munitions
Equipment:	Mark 9 First Defense OC/CS Stream Aerosol
Quantity:	10
Capabilities:	This device can be used in tactical situation and/or riot situations.
Manufacturer's description:	The MK-9 features an easy to use trigger handle and will deliver 14 short bursts of OC at an effective range of 18-20 ft. This OC/CS aerosol product utilizes a stream delivery method providing a target-specific, strong concentrated stream for greater standoff.
Purpose(s)/Authorized Use:	This device can be used in situations when deputies encounter resisting or combative subjects, or multiple resisting subjects.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(14)	
Description:	Projectile Launch Platforms and Associated Munitions
Equipment:	12ga Super-Sock Bean Bag Point Control Impact Munition
Quantity:	100
Capabilities:	Designed to momentarily incapacitate violent, non-compliant subjects.
Manufacturer's description:	The Model 2581 Super-Sock® is in its deployed state immediately upon exiting the barrel. It does not require a minimum range to "unfold" or "stabilize." The Super-Sock® is an aerodynamic projectile and it's accuracy is relative to the shotgun, barrel length, environmental conditions, and the operator. The Super-Sock® is first in its class providing the point control accuracy and consistent energy to momentarily incapacitate violent, non-compliant subjects.
Purpose(s)/Authorized Use:	The Super-Sock is deployed as a non-deadly force option for deputies to use when confronted with a violent, non-compliant subject.

QUALIFYING EQUIPMENT OWNED/UTILIZED BY THE MONTEREY COUNTY SHERIFF'S OFFICE GOVERNMENT CODE §7070(c)(14)	
Description:	Projectile Launch Platforms and Associated Munitions
Equipment:	FN303 Less Lethal Rounds – Washable Paint and PAVA/OC Powder
Quantity:	200
Capabilities:	Designed to momentarily incapacitate violent, non-compliant subjects.
Manufacturer's description:	Completely dedicated to reducing lethality, the basis of the FN 303® concept lies in its unique projectiles. These .68 caliber, 8.5 gram projectiles utilize a fin-stabilized polystyrene body and a non-toxic bismuth forward payload to provide more accuracy and greater effective range than other less lethal systems. The primary effect of the projectile is trauma, which directly neutralizes the aggressor. Secondary effects from the projectiles can be delivered via a chemical payload depending on mission requirements.
Purpose(s)/Authorized Use:	These munitions are deployed only with the SWAT team during tactical operations and during special events warranting the deployment of the SWAT Team.

Military Equipment

709.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the approval, acquisition, and reporting requirements of military equipment (Government Code § 7070; Government Code § 7071; Government Code § 7072).

709.1.1 DEFINITIONS

Definitions related to this policy include (Government Code § 7070):

Governing body – The elected or appointed body that oversees the Office.

Military equipment – Includes but is not limited to the following:

- Unmanned, remotely piloted, powered aerial or ground vehicles.
- Mine-resistant ambush-protected (MRAP) vehicles or armored personnel carriers.
- High mobility multipurpose wheeled vehicles (HMMWV), two-and-one-half-ton trucks, five-ton trucks, or wheeled vehicles that have a breaching or entry apparatus attached.
- Tracked armored vehicles that provide ballistic protection to their occupants.
- Command and control vehicles that are either built or modified to facilitate the operational control and direction of public safety units.
- Weaponized aircraft, vessels, or vehicles of any kind.
- Battering rams, slugs, and breaching apparatuses that are explosive in nature. This does not include a handheld, one-person ram.
- Firearms and ammunition of .50 caliber or greater, excluding standard-issue shotguns and standard-issue shotgun ammunition.
- Specialized firearms and ammunition of less than .50 caliber, including firearms and accessories identified as assault weapons in Penal Code § 30510 and Penal Code § 30515, with the exception of standard-issue firearms.
- Any firearm or firearm accessory that is designed to launch explosive projectiles.
- Noise-flash diversionary devices and explosive breaching tools.
- Munitions containing tear gas or OC, excluding standard, service-issued handheld pepper spray.
- TASER® Shockwave, microwave weapons, water cannons, and long-range acoustic devices (LRADs).
- Kinetic energy weapons and munitions.
- Any other equipment as determined by a governing body or a state agency to require additional oversight.

Military Equipment

709.2 POLICY

It is the policy of the Monterey County Sheriff's Office that members of this office comply with the provisions of Government Code § 7071 with respect to military equipment.

709.3 MILITARY EQUIPMENT COORDINATOR

The Sheriff should designate a member of this office to act as the military equipment coordinator. The responsibilities of the military equipment coordinator include but are not limited to:

- (a) Acting as liaison to the governing body for matters related to the requirements of this policy.
- (b) Identifying office equipment that qualifies as military equipment in the current possession of the Office, or the equipment the Office intends to acquire that requires approval by the governing body.
- (c) Conducting an inventory of all military equipment at least annually.
- (d) Collaborating with any allied agency that may use military equipment within the jurisdiction of Monterey County Sheriff's Office (Government Code § 7071).
- (e) Preparing for, scheduling, and coordinating the annual community engagement meeting to include:
 - 1. Publicizing the details of the meeting.
 - 2. Preparing for public questions regarding the office's funding, acquisition, and use of equipment.
- (f) Preparing the annual military equipment report for submission to the Sheriff and ensuring that the report is made available on the office website (Government Code § 7072).
- (g) Establishing the procedure for a person to register a complaint or concern, or how that person may submit a question about the use of a type of military equipment, and how the Office will respond in a timely manner.

709.4 MILITARY EQUIPMENT INVENTORY

See attachments:

Attachment A: Military Equipment Inventory

Attachment B: Military Equipment Capability, Purpose, and Authorized Use

The Sheriff's Office shall have the discretion to purchase replacement items throughout the year, as necessary, to maintain the inventory enumerated below. It is recognized that military equipment items may be used for both training and enforcement purposes, potentially requiring additional purchases to maintain sufficient inventory levels.

709.5 APPROVAL

The Sheriff or the authorized designee shall obtain approval from the governing body by way of an ordinance adopting the military equipment policy. As part of the approval process, the Sheriff

Monterey County Sheriff's Office

Monterey County SO Policy Manual

Military Equipment

or the authorized designee shall ensure the proposed military equipment policy is submitted to the governing body and is available on the office website at least 30 days prior to any public hearing concerning the military equipment at issue (Government Code § 7071). The military equipment policy must be approved by the governing body prior to engaging in any of the following (Government Code § 7071):

- (a) Requesting military equipment made available pursuant to 10 USC § 2576a.
- (b) Seeking funds for military equipment, including but not limited to applying for a grant, soliciting or accepting private, local, state, or federal funds, in-kind donations, or other donations or transfers.
- (c) Acquiring military equipment either permanently or temporarily, including by borrowing or leasing.
- (d) Collaborating with another law enforcement agency in the deployment or other use of military equipment within the jurisdiction of this office.
- (e) Using any new or existing military equipment for a purpose, in a manner, or by a person not previously approved by the governing body.
- (f) Soliciting or responding to a proposal for, or entering into an agreement with, any other person or entity to seek funds for, apply to receive, acquire, use, or collaborate in the use of military equipment.
- (g) Acquiring military equipment through any means not provided above.

709.6 COORDINATION WITH OTHER JURISDICTIONS

Military equipment should not be used by any other law enforcement agency or member in this jurisdiction unless the military equipment is approved for use in accordance with this policy.

709.7 ANNUAL REPORT

Upon approval of a military equipment policy, the Sheriff or the authorized designee should submit a military equipment report to the governing body for each type of military equipment approved within one year of approval, and annually thereafter for as long as the military equipment is available for use (Government Code § 7072).

In addition, the Sheriff or the authorized designee should also make each annual military equipment report publicly available on the office website for as long as the military equipment is available for use. The report shall include all information required by Government Code § 7072 for the preceding calendar year for each type of military equipment in office inventory.

709.8 COMMUNITY ENGAGEMENT

Within 30 days of submitting and publicly releasing the annual report, the Office shall hold at least one well-publicized and conveniently located community engagement meeting, at which the Office should discuss the report and respond to public questions regarding the funding, acquisition, or use of military equipment.

ORDINANCE NO. 5377

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA, TO
ADOPT A MILITARY EQUIPMENT USE POLICY PURSUANT TO ASSEMBLY BILL
481**

County Counsel Summary

This ordinance is in response to Assembly Bill ("AB") 481, which was signed into law by Governor Gavin Newsom on September 30, 2021 and is codified at Government Code section 7070 et seq. AB 481 requires California law enforcement agencies to obtain approval of their applicable governing body, by an ordinance adopting a military equipment use policy prior to taking certain actions relating to the funding, acquisition, and/or use of military equipment. This ordinance establishes a military equipment use policy by adding the attached "Military Equipment" policy to the Monterey County Sheriff's Office Policy Manual.

The Board of Supervisors of the County of Monterey hereby ordains as follows:

SECTION 1. FINDINGS.

A. On September 20, 2021, Governor Gavin Newsom signed Assembly Bill ("AB") 481 into law, which is codified at Government Code section 7070 *et seq.*

B. The legislative intent behind AB 481 is to increase the public transparency by which California law enforcement agencies fund, acquire, and/or use military equipment, as defined under AB 481.

C. AB 481 requires California law enforcement agencies to obtain approval of their applicable governing body, by an ordinance adopting a military equipment use policy prior to taking certain actions relating to the funding, acquisition, and/or use of military equipment.

D. AB 481 requires California law enforcement agencies that receive approval for a military equipment use policy to submit to the applicable governing body an annual military equipment report for each type of military equipment approved by the governing body within one year of approval, and annually thereafter so long as the military equipment is available for use.

E. AB 481 requires the applicable governing body of the California law enforcement agency to annually review the military equipment use policy to either disapprove a renewal of the authorization of a type of military equipment or amend the military equipment use policy.

SECTION 2. The attached policy, titled "Military Equipment", shall be added to the Monterey County Sheriff's Office Policy Manual.

SECTION 3. SEVERABILITY. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid.

SECTION 4. EFFECTIVE DATE. This ordinance shall become effective on the thirty-first day following its adoption.

PASSED AND ADOPTED this 7th day of June, 2022, by the following vote:
